About us

Scientex Conferences provide a global platform for exchanging ideas and keeps on updating about the latest innovations in different Subjects. Opportunity to attend the presentations delivered by eminent Scientists from all over the world. Global networking: In transferring and exchanging Ideas. A Unique Opportunity for Advertisers and Sponsors at this International event. We present you team of dedicated minds driven by the thought of gathering together the people of alike objected to an exclusive platform. Science brings forward the art of molding the experience and the experiments into a reality. These assembling realities, eventually, give birth to the various fields all together comprise a world get known as science, technology, and advancement. Scientific Meet Icon conference acts a dais where people from various parts of the world come together and discuss topics, ranging from physics to medicine, ever beneficial to an advancement of the human civilization. Alongside, the news and views get exchanged among the personnel across the globe. Scientific Meet Icon strives toward evolving a resource of information, unprecedented problems as well as their solutions such that it enhances the very core of the scientific community thus adding values to human society. Come. Join us! View the substantial minds talk their cut- through researches at the Scientific Meet Icon conferences. Well organized scientific program. [\(click here for more\)](#)

- Renowned speakers and scientists across the globe.
- Poster presentations and world class exhibits.
- Panel discussions and interactive sessions.
- B2B meetings.
- Perfect platform for Global Networking

Conference and Webinar Details

About Conference

With the grand success of Heart 2022, we welcome you all to attend the “**3rd International Conference on Cardiology**” scheduled from **November 30-December 01, 2023** in **Dubai, UAE**. The conference mainly focuses on Cardiology and Cardiovascular disorders and therapies with the theme “Exploring New Research and Frontiers in Cardiology Care” for a change in society.

With individuals from around the world zeroed in on finding a few solutions concerning Cardiology, this is your single most clear chance to achieve the best amassing of people from the mending focuses, Universities, Heart Associations, and so forth...

Heart 2023 is going Hybrid! There will be both an in-person conference and a virtual conference since some people may not be able to travel due to the pandemic situation or its economic impact.

Join us from November 30 and December 01, 2023 for this unmissable opportunity to discover the latest in global cardiovascular health!.

About Webinar

The **3rd International Webinar on Cardiology** is scheduled from **December 07-08, 2023** with the theme “Exploring New Research and Frontiers in Cardiology Care”. The aim of organizing the webinar is to entrenched a firm relation of future strategies in the field of Cardiology and develop new perceptions and ideas for investigating the high level of knowledge in the field of Cardiology.

Attendees will have the opportunity to receive the e-certificate of participation. Join us to have a meaningful collaboration on Cardiology with 70+ global experts.

CONFERENCE HIGHLIGHTS

- Lectures by the active Investigators
- Keynote forums by Renowned Speakers
- Speaker Forum
- Poster Sessions on latest Innovation in all the relevant Areas
- Panel discussions and interactive sessions
- Open Innovation Challenges
- Poster Sessions on every career stage
- Post-Doctoral Career Development Session
- Young Research Forum
- B2B Meetings
- Global Networking with 50+ Countries
- Novel techniques to benefit your research
- Best platform for Global business and Networking opportunities
- Excellent platform to showcase the latest products in Healthcare and affiliates

TARGET AUDIENCE

- Cardiologists
- Cardiac Surgeons
- Cardiology Scientists
- Cardiac Physicians and Doctors
- Cardiac Nurses and Nurse Practitioners
- Heart Disease Researchers
- Cardiology Fellows
- Neuro-Cardiology Experts
- Cardiology Consultants
- Paediatricians
- Medical Colleges
- Cardiology Associations and Societies
- Cardiology Students & Faculties
- Cardiology Researchers
- Cardiovascular Physicians
- Business Entrepreneurs
- Training Institutes
- Manufacturing Medical Devices Companies
- Heart Care Nutritionist

Session Highlights

- **Cardiovascular Diseases**
- **Heart Diagnosis & Devices**
- **Vascular Biology**
- **Cardiac and Cardiovascular Research**
- **Cardiovascular Diabetology, Obesity & Stroke**
- **Interventional Cardiology**
- **Nuclear Cardiology, Molecular Cardiology**
- **Cardio-Oncology**
- **Pediatric Cardiology**
- **Women's Cardiology**
- **Clinical Cardiology**
- **Cardiac Nursing**
- **Heart Regeneration**
- **Cardiac Pharmacology**
- **Cardiac Diet/Cardiac Nutrition**
- **Cardiology - Future Medicine**
- **Sports Cardiology**
- **Cardiac Imaging / Echocardiology**
- **Cardiothoracic Surgery**
- **Dyslipidemia and Risk factors**
- **Cardiac Arrhythmias**
- **Transplantation: Heart and Lungs**
- **Cardiomyopathies**
- **Cardiac Surgery**
- **Cardiovascular Impact of COVID-19**
- **Current Research and Advances in Cardiology & Case Reports on Cardiology**

Venue and Hotel Details

Hotel Name and Address:

CITY SEASONS
DUBAI

CITY SEASONS SUITES HOTEL,
8th St - Port Saeed - Dubai - United Arab Emirates

Conveniently located close to Dubai International Airport, City Seasons Dubai offers quick access to Dubai Convention and Exhibition Centre, Dubai's world-famous shopping malls, golf courses, desert safari guides, tourist attractions and pristine beaches. The elegant interiors, the spacious rooms and suites combined with an attentive and friendly service make this Dubai centre hotel a favourite with business travelers, family stays and holidaymakers. City Seasons Dubai is an ideal destination for business, family and travel travel.

About Venue:

Once a small fishing village in the Persian Gulf, Dubai is today one of the smartest metropolises in the world. One of the seven emirates that make up the United Arab Emirates, Dubai is home to almost 200 identities and offers a really critical encounter to all guests. Whether it's by the banks of the Creek, or at the top of the Burj Khalifa, the world's altitudinous structure, Dubai lives and breathes a sense of possibility and invention. And with an unequalled bank, beautiful desert and magnificent cityscapes, recollections are just staying to be made then. A Brief History of Dubai In 1833, the Al Maktoum lineage established the Dubai Fisheries Agreement, continuing to rule Dubai forever. During 1892, Pearl and maritime business begin to prosper. Dealers from across the world arrive in Dubai to profit from inconceivable deals and rates. In 1912, Dubai's first academy, Al Ahmadiya is erected in Deira. Al Ras's original structure remains open as a gallery, showing what life was like over a century ago. In 1958, Sheikh Rashid caddy Saeed Al ruled the emirate 32 times and developed a hotspot for transnational trade. [\(click here for more\)](#)

Venue Highlights:

Registration Fee

REGISTRATION TYPES	EARLY BIRD	MID TERM	FINAL CALL
SPEAKER REGISTRATION (1 DAY ENTRY TICKET)	\$499	\$599	\$699
SPEAKER REGISTRATION (2 DAYS ENTRY TICKET)	\$799	\$899	\$999
POSTER REGISTRATION	\$849	\$949	\$999
DELEGATE REGISTRATION	\$899	\$949	\$999
STUDENT REGISTRATION	\$299	\$349	\$399
WEBINAR / VIRTUAL CONFERENCE REGISTRATION	\$399	\$449	\$499

TOP REASONS TO PARTICIPATE

- Develop Your Network
- Position Yourself as an Expert
- Meet Experts & Influencers Face to Face
- Gain Targeted Knowledge
- New Tips & Tactics
- Invest In Yourself
- Gain New Collaborations
- Present your Ideas and Work
- Be Inspired
- Travel, Explore and Have Fun!!

Past Event Report

About Past Event:

Heart 2022 was delighted to meet dozens of cardiologists, cardiac surgeons, physicians, healthcare professionals, and scientists from all over the world and we would like to thank all of our wonderful and eminent speakers, and conference attendees who shared their research knowledge and made Heart 2022 - Conference as memorable and our best event ever!

The **2nd International Conference on Cardiology 2022**, hosted by Scientex was held during **November 10-11, 2022** at Holiday Inn Paris – Porte de Clichy, France with the theme “Exploring New Research and Frontiers in Cardiology Care”. The conference was initiated with a great cause to support, network, and empower each and every individual who is working to end the stigma of heart disease.

Benevolent response and active participation were received from the committee members, collaborators, journal members, and exhibitors as well as from the Scientists, Cardiac Workers, Cardio researchers, Cardiology Academicians, Cardiology Practitioners, and Students who made this event successful.

Through this conference, we created a global international networking platform with experts from 34 different countries. We had a participation of 70+ speakers, 14+ Poster Presentations, 2+ exhibitors, and 90+ attendees. Our congress was a grand amalgamation of experts from all around the globe where we experienced inspiring stories and witnessed great research presentations.

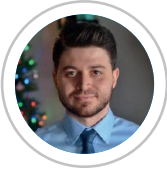

PAST CONFERENCE GALLERY

Testimonials

Feedback

Ziad Affas
USA

Thank you very much for everything and it was really awesome.

Gabriela Harada
Brazil

It was an amazing and interesting event. So, thank you for inviting me.

Sunita Kumbhalkar
India

It was nice session and excellent academic feast. More interaction was possible if we could have attended physically. Big thanks to the organizers for encouraging us all across the world.

Hamdollah Ebadati
Iran

I need to thank you for your efforts in organizing the conference, and also thank you for sending the valuable certificate. My goal was to participate in this important event with a different perspective and with a sports vision to have a positive impact. Once again, I am grateful for your efforts.

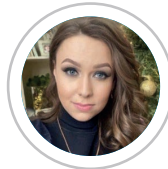

Alexandre Valdes Martin
Cuba

It was a pleasure word with you. Take me into account for Next 3rd International Conference. Thanks very much.

Romero Barbosa
Brazil

Once again, I would like to highlight the excellent experience of having been part of the scientific event very well organized by your team.

Elizaveta Strebkova
Russian Federation

Paris is really beautiful! Thank you so much for this opportunity to take part in such a large-scale conference. Also thank you so much for your support and the fact that you are in constant contact.

Victoria Mukhula
Malawi

It was great! I legit enjoyed the sessions. The nice food at the hotel is a plus. The oral presentations were amazing and well-organized. I enjoyed it and was a great meeting opportunity with other (most of them are) senior scientists whom I learnt from by just understanding their career path. But of course, it was also good to represent East and Southern part of Africa. There were participants from all continents and it's amazing to know what others are up to in the field of medicine. Great balance!

Deepa Selvi Rani
India

Thanks for recognising me as a Moderator in your conference. I am really honored. Wonderful conference.

Inderjeet Singh Monga
India

Thank you so much ma'am for sharing all the requisite info in a single message. Looking forward for the wonderful conference in a wonderful place. Hoping for memorable experience. Thank you, ma'am, for taking care of everything so meticulously. Thank you, ma'am, for your continuous support and guidance. Looking forward for a wonderful conference.

Past Conference Program

DAY 1 - November 10, 2022

Introduction: 09:45-10:00

KEYNOTE

10:00-10:40	Title: Continuous remote monitoring shows early cardiovascular changes in COVID-19 patients
	Arik Eisenkraft , The Hebrew University Faculty of Medicine, Israel
10:40-11:20	Title: Vitamin D and cardiovascular prevention
	Romero Barbosa , Federal University of San Francisco Valley (UNIVASF), Brazil
11:20-12:00	Title: Anomalous Aortic Origin of a Coronary Artery (AAOCA) – Unraveling the mechanistic implications leading to myocardial ischemia and sudden death
	Silvana Molossi , Texas Children's Hospital, USA

PHOTO SESSION (12:00-12:10)

Oral Presentations

Sessions: Hypertension | Arterial Revascularization | Heart Failure & Diagnosis | Cardiovascular Research | Cardiovascular Diabetology & Obesity | Stroke | Interventional Cardiology | Pediatric Cardiology | Cardiac Nursing | Heart Transplantation

12:10-12:30	Title: The effect of three component antihypertensive treatment on the structural and functional state of the heart and the daily blood pressure profile in patients with hypertension grade 3
	Azayeva Nurana Rafail Gizi , Scientific-Research Institute of Cardiology, Azerbaijan
12:30-12:50	Title: Anaortic off-pump complete arterial revascularization using composite LIMA RIMA Y sequential 5 grafts in a patient with triple vessel disease performed in a low resource country: A case report
	Asraful Hoque , National Institute of Cardiovascular Diseases, Bangladesh

LUNCH 12:50-13:30

13:30-13:50	Title: A cochrane systematic review of ultrafiltration in acute heart failure
	Mehul Srivastava , University College London, United Kingdom
13:50-14:10	Title: Use levosimendan versus dobutamine when inotropic support is needed in patients with severe acute decompensated chronic heart failure
	Mykhailo Aristov , Academy of Health Technology Assessment of Ukraine, Ukraine
14:10-14:30	Title: Evaluation of fresh umbilical cord arteries as a novel substitute for vascular bypass grafting
	Xuan Hai DO , Vietnam Military Medical University, Vietnam
14:30-14:50	Title: The risk related of six-minute walk test performance in Thai childhood obesity aged 5-15 years
	Worawan Jiitham , Naresuan University, Thailand
14:50-15:10	Title: The effectiveness of anti tachycardia pacing in selected patients with implantable cardioverter defibrillator
	Hanane Zouzou , University of Batna, Algeria

15:10-15:30	Title: Donation in neonatal asystole with myocardial recovery and subsequent incompatible ABO heart transplant. First combined case in the world
	Jose Angel Zamorano Serrano , Hospital General Universitario Gregorio Marañón, Spain
15:30-15:50	Title: The application of 3D printing in preoperative planning for transcatheter aortic valve replacement: A systematic review
	Paris Xenofontos , College of Medicine and Health, United Kingdom
Refreshment Break 15:50-16:00	
16:00-16:20	Title: Validation of euroscore II cut-off at 12% for active infective endocarditis
	Komkrit Komuttarin , Maharat Nakhon Ratchasima Hospital, Thailand
16:20-16:40	Title: Uric acid: A potential candidate to be a marker of cardiovascular risk
	Benghezal Hichem , Medical Analysis Laboratory, Algeria
16:40-17:00	Title: Efficacy and safety of the atrial septal defect closure for patients with absent or malaligned aortic rim using a figulla flex II device flared and straddling behind the aorta
	Masataka Kitano , Okinawa Prefectural Nanbu Medical Center & Children's Medical Center, Japan
17:00-17:20	Title: Factors associated with heart failure readmissions from skilled nursing facilities
	Elizabeth Abraham , MFMI Medical Center, USA
17:20-17:40	Title: Echinococcosis of the pericardium (case from practice)
	Azatbek Turgunov , Research Institute for Heart Surgery and Organ Transplantation, Kyrgyzstan
DAY 1 - Poster - 17:40-18:00	
SCCP-001	Title: Does the effectiveness of thoracoscopic ablation of atrial fibrillation depend on left atrium volume index?
	Elizaveta Strebkova , A.V. Vishnevskiy National Medical Research Center of Surgery, Russian Federation
SCCP-002	Title: Serum hsCRP and magnesium concentration in type 2 diabetes mellitus patients with or without HIV in Blantyre, Malawi
	Victoria Mukhula , Malawi-Liverpool Wellcome Clinical Research Programme, Malawi
SCCP-003	Title: AV block with DDD pacemaker induced by Search-AV algorithm
	Arturo Martín-Peñato Molina , Hospital Universitario Infanta Sofía; Universidad Europea de Madrid, Spain
SCCP-004	Title: Coronary artery disease presenting as intractable hiccups: An unclear mechanism
	Viren Parmar , Touro University, USA
SCCP-005	Title: Risk factors related to morbidity and mortality in geriatric patients undergoing surgical procedures in Vachira Phuket hospital
	Walaiporn Aroonrat , Vachira Phuket Hospital, Thailand

Day 02: November 11, 2022

KEYNOTE

09:30-10:05 **Title: 24-hour ambulatory blood pressure measurement using a novel non-invasive, cuff-less, wireless device**

Arik Eisenkraft, The Hebrew University Faculty of Medicine, Israel

Oral Presentations

Sessions: Cardiac Pharmacology | Cardiac Surgery | Cardiac Nutrition | Cardiovascular Impact of COVID-19 | Case Reports on Cardiology | Future Medicine | Sports Cardiology | Cardiology Devies | Cardiac Imaging | Dyslipidemia | Cardiac Arrhythmias | Cardiomyopathies

10:05-10:25 **Title: Factor influencing pre-hospital delay among acute ischemic stroke patients in Rajavithi hospital**

Piyanuch Rakchue, Suratthani Hospital, Thailand

PHOTO SESSION (10:25-10:35)

10:35-10:55 **Title: Single centre observational study on clinical profile and OCT guided management strategy for patients of young acute coronary syndrome**

Inderjeet Singh Monga, Command Hospital, India

10:55-11:15 **Title: Mature teratoma in the right ventricle**

Fekede D. Agwar, Cardiac Center Ethiopia, Ethiopia

11:15-11:35 **Title: Correlation between prediabetes, coronary artery calcification and cardiovascular risk factors: A 5-year retrospective case study**

Thunnawat Wattanaseth, Kasemrad International Hospital, Thailand

11:35-11:55 **Title: Index of deterioration of patients with prosthetic valve malfunction**

Mohamed ELGhanam, Ain Shams University Hospital, Egypt

11:55-12:15 **Title: Application of stem cell therapy in cardiac regeneration: Procedures, opportunities, and challenges**

Seyed Siamak Amiri, Tehran University of Medical Sciences (TUMS), Iran

12:15-12:35 **Title: Comparison of cardiomyogenic potential of amniotic fluid mesenchymal stromal cells derived from normal and isolated congenital heart defective fetuses**

Manali Jain, Sanjay Gandhi Post-Graduate Institute of Medical Sciences, India

LUNCH 12:35-13:35

13:35-13:55 **Title: Initial experience of percutaneous aortic valve implantation at the Dr.Julio Méndez Sanatorium - Diagnosis mediter**

Jorge Alejandro Baldomar Manzur, Residente de Tercer año de Cardiología, Argentina

13:55-14:15 **Title: Surgical intervention for prevent post-stroke malignant cerebral edema, clinical beneficial outcome aspects**

Panu Boontoterm, Phramongkutklao Hospital, Thailand

14:15-14:35	Title: Global longitudinal strain measured by 2D speckle tracking echocardiography instable angina patients and their coronary angiographic correlation
	Ajay Adhikaree, Devdaha Medical College & Research Institute, Nepal
14:35-14:55	Title: Ventricular fibrillation in acute coronary syndrome with elevated ST segment: Incidence and predictive factors
	Hanane Zouzou, University of Batna, Algeria
14:55-15:15	Title: Comparison of mean systemic pressure in patients with acute circulatory failure receiving passive leg raising vs pneumatic leg compression
	Panu Boontoterm, Phramongkutklao Hospital, Thailand
15:15-15:35	Title: Management of patient with simultaneous overt gastrointestinal bleeding and myocardial infarction with ST-Segment elevation - Priority endoscopy
	Jakub Nozewski, Nicolaus Copernicus University, Poland
15:35-15:55	Title: Endoleaks after endovascular aneurysm repair by imaging methods
	Fernanda Avalos Aguilar, International University of Ecuador, Ecuador
Refreshment Break 15:55-16:15	
16:15-16:35	Title: Prevalence of frailty in patients undergoing cardiac valve surgery: Comparison of frailty tools
	Gabriela Harada, Heart Institute – The College of Medicine, Brazil
16:35-16:55	Title: Clinical or statistical significance. What matters is the size of the effect
	José Moragrega, Biostatistics and Epidemiology, Mexico
16:55-17:15	Title: A new method for quantifying the contractility of the left ventricular myocardium according to two-dimensional echocardiography
	Eka Dvalishvili, Institute of Cardiovascular Surgery, Russian Federation
DAY 2 - Poster -17:15-17:30	
SCCP-006	Title: Contentious suitability of prior cannulated radial artery as a conduit of choice for CABG
	Aisha Khalid, Harvard Medical School, USA
SCCP-007	Title: Relationship between preoperative cardiac troponin levels and outcome of non-cardiac surgery
	Manthou Panagiota, West Attica University, Greece
SCCP-008	Title: Isolated sinus bradycardia as a cardiac manifestation of covid -19
	Lubna Alruwaili, NGHHA, Saudi Arabia
E-POSTER	
SCCEP-001	Title: Saline OCT in acute coronary syndrome
	Punish Sadana, Max Superspeciality Hospital, India

SCCEP-002	Title: Comparison of ventricular tachycardia ablation outcome in patients with ischemic and non-ischemic cardiomyopathy: A single centre experience
	Maurice Ilg , Technical University of Munich, Germany
SCCEP-003	Title: Machine learning in myocardial infarction classification using signal detection of ST-segment elevation on electrocardiogram and clinical data
	Diandro Marinho Mota , Dante Pazzanese Institute of Cardiology, Brazil
SCCEP-004	Title: Ablation of ventricular premature complexes in patients with ischemic or dilated cardiomyopathy: A single centre experience
	Maurice Ilg , Technical University of Munich, Germany
SCCEP-005	Title: Investigation of the adherence to prescribed treatment of the patients with coronary heart disease
	Vira Shuper , Bucovinian State Medical University, Ukraine
SCCEP-006	Title: Arterial hypertension in men aged 18-27 years
	Basana Uvarovskaia , City Clinical Hospital, Russian Federation
SCCEP-007	Title: Left atrial dissection following MitraClip: A rare complication
	Nima Yaftian , Monash Health, Australia

Past Webinar Program

DAY 1 - November 14, 2022

Introduction: 08.30-08:40

Oral Presentations

08:40-09:00	<p>Title: Clinical and prognostic efficacy of complex drug therapy with mechanical reperfusion in patients with acute coronary syndrome without ST segment elevation (STEMI) working in environmentally unfavorable conditions contaminated with xenobiotics</p> <p>Agayev Mamedhasan, Azerbaijan Medical University, Azerbaijan</p>
09:00-09:20	<p>Title: Rejuvenation, regeneration and longevity</p> <p>Toshio Inui, Saisei Mirai Clinic, Japan</p>
09:20-09:40	<p>Title: Decaffeinated coffee and green tea extract inhibit foam cell atherosclerosis by lowering inflammation and improving cholesterol influx/efflux balance through upregulation of PPARγ and miR-155</p> <p>Ermin Rachmawati, UIN Maulana Malik Ibrahim Malang, Indonesia</p>
09:40-10:00	<p>Title: Novel mutations in the β-MYH7 gene and their role in cardiomyopathies</p> <p>Deepa Selvi Rani, CSIR-Centre for Cellular and Molecular Biology, India</p>
10:00-10:20	<p>Title: Characteristics of repeat hospitalizations in patients with atrial fibrillation: A retrospective, single-center experience</p> <p>Ayşe Ucar, Necmettin Erbakan University, Turkey</p>
10:20-10:40	<p>Title: Impact of morphine use in acute cardiogenic pulmonary oedema on mortality outcomes: A systematic review and meta-analysis</p> <p>Thivanka Witharana, University of East Anglia, United Kingdom</p>
10:40-11:00	<p>Title: A Case Report: Spontaneous Recovery of Type B Aortic Dissection. Learning Points</p> <p>Pasan Witharana, Imperial College London; James Cook University Hospital, United Kingdom</p>
11:00-11:20	<p>Title: Spontaneous evisceration of incisional hernia with strangulation of small bowel: A life-threatening complication</p> <p>Nanduni Thaladhithiyage, District General Hospital, Sri Lanka</p>
11:20-11:40	<p>Title: Impact of diabetes on carotid artery stenosis in the patients undergoing coronary artery bypass grafting: A prospective single-center study in Bangladesh</p> <p>Abir Tazim Chowdhury, Evercare Hospital Dhaka, Bangladesh</p>
11:40-12:00	<p>Title: Effect of sex on neutrophil to lymphocyte ratio and coronary flow in ST-elevation myocardial infarction patients undergoing primary percutaneous coronary intervention</p> <p>Mohammed Fadul, University Hospitals Dorset NHS Foundation Trust, United Kingdom Khalid Madi, Health education England _ North west deanery, United Kingdom</p>
12:00-12:20	<p>Title: Echocardiographic imaging of cardiac tumors</p> <p>Madina Kadyrova, A.V. Vishnevskiy National Medical Research Center of Surgery, Russian Federation</p>
12:20-12:40	<p>Title: Features of cardiac conduction during psychomotor agitation in patients with paranoid schizophrenia</p> <p>Pavlo Kydon, Poltava state medical university, Ukraine</p>
12:40-13:00	<p>Title: Cardiovascular event risk estimation among residents of a rural setting in Bayelsa state, Nigeria</p> <p>Tamaraemumoemi Emmanuella Okoro, Niger Delta University, Nigeria</p>
13:00-13:20	<p>Title: Assessing survival time of heart failure patients: Using bayesian approach</p> <p>Tafese Ashine, Assosa University, Ethiopia</p>

13:20-13:40 | **Title: Intermittent hypoxia training and daytime fasting can assist in the recovery of diabetes type 2**

Tamara Voronina, The London Neurology and Pain Clinic, United Kingdom

LUNCH (13:40-14:00)

14:00-14:20 | **Title: Superficial bilateral thrombophlebitis in young patients with covid-19 infection**

Sunita Kumbhalkar, AIIMS, India

14:20-14:40 | **Title: The effectiveness of a fixed combination of perindopril arginine and indapamide on the daily indicators of central hemodynamics and arterial stiffness in comorbid patients with arterial hypertension and metabolic syndrome**

Lyaisan A. Andreeva, Moscow Medical Stomatology University, Russian Federation

14:40-15:00 | **Title: Association of hepatic steatosis with coronary artery disease by studying the role of individual and demographic risk factors**

Omar Alserihy Sr, King Abdullah Medical City, Saudi Arabia

15:00-15:20 | **Title: Save the radial: Go distally**

Rima Chaddad, Lebanese University, Lebanon

15:20-15:40 | **Title: A meta-analysis and systematic review of mavacamten a novel disease specific treatment for hypertrophic obstructive cardiomyopathy**

Ziad Affas, Internal Medicine Resident/ Henry Ford Hospital, USA

15:40-16:00 | **Title: Aorto-esophageal fistula caused by thoracoabdominal aortic aneurysm rupture: A case report**

Bruno Ferrari, FEMA, Brazil

16:00-16:20 | **Title: Effects of cardio HIIT on health**

Elham keikha, Specialized diagnostic and therapeutic clinic, Iran

16:20-16:40 | **Title: Checklist validation for use in safe heart surgery**

Alba Thome, Federal university of Alagoas, Brazil

16:40-17:00 | **Title: When a cardiologist Says "X," a patient thinks "Y": The importance of shared decision making in the management of hypertrophic cardiomyopathy**

Gwendolyn Mayes, HCM Patient/WomenHeart Champion/HealthConsultant, USA

17:00-17:20 | **Title: Vitamin D deficiency in celiac disease patients in pediatric Hospital in Benghazi**

Samia Elzwi, Benghazi university, Libya

17:20-17:40 | **Title: Assessing myocardial viability in clinical practice**

Miriana Gomes, Institute of Cardiology/University Foundation of Cardiology, Brazil

17:40-18:00 | **Title: Sinus venous atrial septal defect with partial anomalous pulmonary venous return and subsequent atrial remodeling with atrial flutter**

Xiarepati Tielwaerdi, Allegheny General Hospital, USA

Day 02: November 15, 2022

Introduction: 08:40-08:50

Oral Presentations

08:50-09:10 | **Title: Comparison of cardiomyogenic potential of amniotic fluid mesenchymal stromal cells derived from normal and isolated congenital heart defective fetuses**

Manali Jain, Sanjay Gandhi Post-Graduate Institute of Medical Sciences, India

09:10-09:30	<p>Title: Use of military anti-shock trousers in resuscitation of acute circulatory failure patients in intensive care unit</p> <p>Panu Boontoterm, Phramongkutklao Hospital, Thailand</p>
09:30-09:50	<p>Title: Coronary artery bypass grafting for patients with diabetes mellitus and lesion of coronary arteries with diameter less than 1,5 mm</p> <p>Dmitrii Petrovskii, E.I. Chazov's National Medical Research Centre of Cardiology of the Ministry of Health of the Russian Federation, Russian Federation</p>
09:50-10:10	<p>Title: Effect of ethyl acetate fraction of Costus afer on glycaemic control and essential haematological and biochemical indices of streptozotocin-induced diabetic rats</p> <p>Obiajulu Christian Ezeigwe, Nnamdi Azikiwe University, Nigeria</p>
Workshop	
10:10-10:40	<p>Title: The effect of cardio exercise on heart health</p> <p>Hamdollah Ebadati, International Cardio sports association, Iran</p>
Oral Presentations	
10:40-11:00	<p>Title: Passive leg raising effect at resuscitation in patients with vasoplegic state</p> <p>Panu Boontoterm, Phramongkutklao Hospital, Thailand</p>
11:00-11:20	<p>Title: The correlation between hyperuricemia and cardiac remodeling in patients with hypertension and atrial fibrillation</p> <p>Tatyana Barysenka, Grodno State Medical University, Belarus</p>
11:20-11:40	<p>Title: Prognostic value of fetuin-A in identifying the risk of coronary artery calcification: A systematic review</p> <p>Fatemeh Vazirian, Mashhad University of Medical Sciences, Iran</p>
11:40-12:00	<p>Title: The potential role of lipoprotein(a) in diagnosing the individuals with high risk of coronary</p> <p>Sara Samadi, Mashhad University of Medical Sciences, Iran</p>
12:00-12:20	<p>Title: Anorexia nervosa hurts our heart!</p> <p>Abeer M Shawky, Al-Azhar university, Egypt</p>
Workshop	
12:20-12:50	<p>Title: Lipid profile of coronary heart disease patients: A prospective observational study</p> <p>Rezaul Alam, M.Abdur Rahim Medical College, Bangladesh</p>
Oral Presentations	
12:50-13:10	<p>Title: State of factors of apoptosis and self-organization of myocardial mitochondria in modeling the combination of pathological processes in the experiment</p> <p>Tamara Voronina, The London Neurology and Pain Clinic, United Kingdom</p>
LUNCH (13:10-13:40)
