Venue

CITY SEASONS SUITES HOTEL,
8th St - Port Saeed - Dubai - United Arab Emirates

The Emirate of Dubai is that the second largest of the seven United Arab Emirates but has the most important population with over 3.33 million. Dubai is one among the seven emirates within the United Arab Emirates (UAE), whose main city is additionally called Dubai. The UAE is home to the simplest, the tallest, the most important, and everything that's larger than life. Dubai's cityscape is usually transient and ever-changing with its constant urge to construct bigger and better than before. It is the foremost populated and therefore the second largest emirate within the region. Its strategic geographic location made the town a crucial trading center, and by the start of the 20th century. It was already a crucial regional harbor. It is found on the north-eastern coast of the Arabian Peninsula, Abu Dhabi on the south, Sharjah on the northeast, and Oman on the southeast. Dubai features a tropical desert climate due to its location within the Northern desert belt. Summers are extremely hot, humid and really dry, with a mean high around 40 °C (104 °F) yet usually above 40, and overnight lows around 30 °C (86 °F). Most days in dubai are sunny throughout the year. Winters are warm and short with a mean high of 23 °C (73 °F) and overnight lows of 14 °C (57 °F). According to Healy Consultants, Dubai is that the top business gateway for the center East and Africa

The fact is, Dubai is one among the safest cities within the world, with very low crime rates meaning travelling round the city is extremely safe. That said, Dubai may be a big world city and customary sense precautions should be observed.

[Guide for Visit](#)

Citizens from the united kingdom, USA, Australia, New Zealand and most Western European and much Eastern countries are entitled to a free, 30-day extendable visit visa on arrival.

Event at a Glance

November 30, 2023 - Thursday

Session

Registrations

Keynote Forum

Group Photo

Network & Refreshments Break*

Tracks: Cardiovascular Diseases Diagnoses & Treatment | Cardiac Research | Heart Devices

Lunch Break**

Tracks: Cardiovascular Diabetology, Obesity & Stroke | Interventional Cardiology | Nuclear Cardiology

Network & Refreshments Break*

Tracks: Pediatric Cardiology | Cardiac Nursing | Cardiac Pharmacology

Day-1 Concludes

December 01, 2023 - Friday

Session

Keynote Forum

Network & Refreshments Break*

Tracks: Cardiac Nutrition | Cardiovascular Impact of COVID-19 | Case reports on Cardiology

Lunch Break**

Tracks: Cardiology - Future Medicine | Cardiothoracic Surgery | Cardiac Arrhythmias

Network & Refreshments Break*

Tracks: Cardiomyopathy | Heart Transplantation | Current research on Cardiology

(Day-2 Concludes | Award Ceremony | Conference Concludes)

Speaker Presentations

3rd INTERNATIONAL CONFERENCE ON CARDIOLOGY
NOV 30 - DEC 01, 2023 | Dubai, UAE

Title: Psychocardiology and biological quantum entanglement

Djuro Koruga, NanoWorld AG, Serbia

Title: Repeatability of ultrasound parameters in measuring blood flow in the lower limb arteries of asymptomatic diabetic patients with early-stage peripheral artery disease

Josephine Sekai Tityiwe, National University of Science and Technology, Zimbabwe

Title: Severe effect of graphene hydroxide on heart muscle

Hugo Chinchilla, Military Hospital in Tegucigalpa, USA

Title: International Consensus statement on 'Green Anaesthesia' Sequestration and Neutralization of Inhaled Anesthetics

Benjamin Drenger, Israel Society of Anesthesiologists, Israel

Title: Association between Serum Ferritin Level and Left Ventricular Function by Speckle Tracking Echocardiography in Patients with Thalassemia

Katiman Sonthikaew, Navamindrachiraj University, Thailand

Title: Unrepaired congenital heart diseases in adults – Detection rate and diagnostic errors

Pradeep Kumar Jain, Superspeciality Hospital, India

Title: Aggressive behaviour and coping strategies among cardiac patients with Type A and Type B behaviour pattern

Asma Riaz, Hamdani GCUF, Pakistan

Title: Camel milk; A superfood for cardiovascular diseases

Taherah Mohammadabadi, Agricultural Sciences and Natural Resources University, Iran

Title: Comparing the evaluation of right ventricular systolic function in individuals with and without idiopathic right bundle branch block

Amir Savarrakhsh, Guilan University of Medical Sciences, Iran

Speaker Presentations

Title: Association between diabetes mellitus and cardiovascular diseases and their epidemiology

Afshan Siddiq, University of Karachi, Pakistan

Title: Characteristics of out of hospital cardiac arrest in the United Arab Emirates

Saad Essa Alqahtani, Saudi Paramedic Association in Australia

Title: Diabetic patients and their presentation in acute coronary syndrome with outcomes: Does gender play role?

Umair Ali, Pakistan

Title: Cerebral hyperperfusion syndrome: the problem of distinguishing between similar syndromes, probable mechanisms of development, clinical manifestations and risk factors

Shumilina Margarita Vladimirovna, Bakulev Moscow State Medical University, Russia

Title: Anatomy and geometry of bifurcation of the common carotid artery

Viktoriya P. Derbilova, Russian Federation

Title: Outcomes of Heart Failure with Reduced Ejection Fraction Patients Receiving Sacubitril/Valsartan in Real-World Practice

Jiampo Panyapat, Thailand

Title: Proximal side optimization in crush stenting. A step-by-step technical approach

Vasile Sirbu, Jilin Heart Hospital, China

Title: A solution trick: implantation of coronary sinus lead without delivery system, a case series study

Ersin Doğanözü, Turkey

Title: The postoperative cerebral hyperperfusion syndrome and the problem of its prevention

Ekaterina Emets, Voronezh Regional Clinical Hospital, Russian Federation

Speaker Presentations

Title: Results of counter pulsation using an intra-aortic balloon with a fibre-optic sensor in the treatment of perioperative acute heart failure

Leonid Rumiantsev, Republican Hospital No. 1 - National Center of Medicine, Russian Federation

Title: Differentiation between myopericarditis and acute myocardial infarction on presentation in the emergency department using the admission C-reactive protein to troponin ratio

Pierpaolo Maietta, Aversa hospital, Italy

Title: Vaping and Cardiovascular health – An opportunity or a risk?

Syed Ali Hamza, Punjab Institute of Cardiology, Pakistan

Title: Ablation of circular arrhythmias using a 3d navigation system in patients with VAD (ventricular assist device)

Zvonimir Katić, University Hospital center Zagreb, Croatia

Title: Single operator observational study of incidence of Pocket Site Infection and safety of Absorbable sutures for pocket closure of CIED

Inderjeet Singh Monga, Command Hospital, India

Title: Spontaneous coronary artery dissection: Are there differences between men and women?

Teresa Alvarado Casas, Hospital Universitario de La Princesa, Spain

Title: Efficacy and Safety of Vericiguat for Treatment of Heart Failure: A Systematic Review

Taha Gul Shaikh, Dow Medical College, Pakistan

Title: Sars cov-2- Spike protein, Graphene and electro-magnetic field : Toxicological aspects

Mauro Luisetto, Italy

Title: Triglyceride-glucose index in patients of coronary artery disease presenting with or without cardiovascular event

Syed Ali Hamza, Punjab Institute of Cardiology, Pakistan

Speaker Presentations

Title: Criteria for assessing surgeon's satisfaction with anesthetic service during endovascular procedures in children with CHD

Gleb Gorbunov, A.N. Bakulev National Medical Research Center, Russian Federation

Title: Endovascular sharp recanalization for calcified femoropopliteal artery occlusion

Mohammad Moynul Islam, National Institute of Cardiovascular Diseases Hospital, Bangladesh

Title: A randomized controlled study of the effectiveness of electrophysiological monitoring of dexmedetomidine in patients with brain damage of various origins

Yuri. Y. Kiryachkov, Grodno State Medical University, Belarus

Title: Higher mortality associated with new-onset atrial fibrillation in cancer patients: A systematic review and meta-analysis

Mirza M. Baig, Pakistan

Title: In Vivo Low-Density Lipoprotein (LDL) Modification

Alexander N. Orekhov, Institute of General Pathology and Pathophysiology, Russian Federation

Title: Factors related to treatment compliance among patients with heart failure

Hoang Thi Ngoc Sen, Da Nang University of Medical Technology and Pharmacy, Vietnam

Title: COVID 19 myocarditis. About a monocentric series of 33 cases

Nassime Zaoui, EHS DraaBenKhedda Tizi-Ouzou, Algeria

Title: Valsalva Maneuver in diastolic heart failure, diastolic dysfunction and systolic heart failure clinically BNP and echocardiography"

Manal A Ibrahim, Cairo University, Egypt

Title: The role of the treatment of arterial hypertension in the survival of patients with chronic lymphocytic leukaemia associated with antitumor therapy with ibrutinib

Elena Emelina, Pirogov Russian National Research Medical University, Russian Federation

Speaker Presentations

Title: Sialidase Causing Atherogenic Modification of LDL in the Blood

Alexander N. Orekhov, Institute of General Pathology and Pathophysiology, Russian Federation

Title: Prediction of the dynamics of ischemic mitral regurgitation after myocardial revascularization

Rashid Songurov, Bakoulev National Medical Research Center for Cardiovascular Surgery, Russian Federation

Title: Prevalence of congenital heart disease in relation to height above sea level in a region of Colombia

Carlos A. Gómez-Monroy, Hospital Universitario San Rafael, Colombia

Title: Assessment of the cardiovascular risk profiles of health care workers versus community dwellers in two rural communities in Bayelsa state, Nigeria

Tamaraemumoemi Emmanuella Okoro, USA

Title: How to manage balloon entrapment during percutaneous coronary intervention of a calcified lesion "Case report"

Nassime Zaoui, EHS DraaBenKhedda Tizi-Ouzou, Algeria

Title: Bifurcation lesions: Sex-specific differences in patients with acute coronary syndrome

Jozica Sikic, Clinical hospital, Croatia

Title: Spontaneous pneumomediastinum. It is time for a consensus.

Santiago Campbell-Silva, Medilaser Clinic Internist, Colombia

Title: Which is a better predictor of mortality in patients with heart failure - galectin 3 or SPPB (Short Physical Performance Battery)?

Dragan Novosel, Faculty of Medicine in Osijek, Croatia

Title: Safety and efficacy of levosimendan in severe left ventricular dysfunction in patients undergoing coronary artery bypass surgery

Dhanesh Kumar, Medanta-The Medicity, India

Speaker Presentations

Title: Modalities for the management of pulmonary hypertension post COVID 19. About a monocentric series of 28 cases

Nassime Zaoui, EHS DraaBenKhedda Tizi-Ouzou, Algeria

Title: Evaluation of complications predictors in the performance of coronary artery bypass grafting surgery

Ishenbai Moldotashev, ADAM University, Kyrgyzstan

Title: Regulatory Pathways Responsible for Foam Cell Formation

Alexander N. Orekhov, Institute of General Pathology and Pathophysiology, Russian Federation
